

# AKASH M

**Web developer** | **Phone:** (+91) 6381227712 | **Email:** [www.akashmurugan@gmail.com](mailto:www.akashmurugan@gmail.com)

## EDUCATION

---

### Master of Science in Computer Science - May 2023

Rathinam College of Arts and Science, Coimbatore

- Graduated with Distinction
- Percentage: 81%

### Bachelor of Science in Computer Science - June 2021

Bishop Heber College, Tiruchirapalli

- Percentage: 69%

## SKILLS

---

**Technical Skills:** HTML, CSS, JavaScript, Python

**Soft Skills:** Problem solving, Communication, Self-Learning, understanding existing code, Develop reusable components..

**Frameworks:** React.js, Bootstrap.

**Database:** RDBMS(SQL).

**Relevant Coursework:** Python full stack development, web development.

## TOOLS / Concepts

---

API Integration | Restful APIS | Visual Studio | GitHub | Bootstrap | Npm | ReactJS | JSON

## PROJECTS

---

### Movie Ticket Booking - Current

**Technologies:** HTML | CSS | JAVASCRIPT | REACTJS

- Developed a ReactJS application for movie ticket booking, facilitating users in browsing available movies, selecting preferred showtimes, and reserving seats seamlessly.
- The streamlined interface ensures intuitive navigation and a smooth booking process, leveraging caching for an optimal movie experience.
- Utilized React components to create a responsive and visually appealing design, enhanced the app for various devices and screen sizes.
- Integrated backend services/APIs to fetch real-time data on movie listings, showtimes, and seat availability, enhancing the app's functionality and reliability.

### University list API Fetching

**Technologies:** HTML | CSS | JAVASCRIPT | REACTJS

- Developed a dynamic React.js web app integrating the List of University API by using function-based component,
- And it is facilitating worldwide university directory access.
- Enabled user-friendly search by country, displaying universities with respective countries.
- Implemented features to identify countries with highest/lowest university counts, utilizing sorting algorithms for organized presentation.
- Demonstrated proficiency in React.js, API integration, UI design, and algorithm implementation.

## CERTIFICATE

---

### FULL STACK DEVELOPMENT

QSpider Software Training Institute, Bangalore
